Talascend has just announced its participation at the World Future Energy event, a major annual platform for sustainable future energy solutions held in Abu Dhabi from January 18 to 21, 2010.

The global resourcing company will be part of the official delegation of the Energy Industries Council, the lead organisation for UK companies that supply capital goods and services to the energy industry worldwide.

The annual World Future Energy event comprises of a summit and an exhibition at the Abu Dhabi National Exhibition Centre, which attracts world leaders and almost 20,000 visitors. Talascend will be at stand 6341 in the UK Pavilion.

Russell Dalglish, UK managing director at Talascend, said: "World Future Energy is one of the most important global venues, bringing together key players in an area of great strategic and economic importance. We are very proud to be part of the UK delegation during our sales director's chairmanship of the Energy Industry Council's Renewables Forum. His participation in the Forum and our involvement in the event ensures that we can contribute to the debate about the challenges of rising energy demand and actions to achieve a cleaner and more sustainable future for the world."
